145. Moreover, on information and belief, WAL-MART has been and now is indirectly infringing by way of inducing infringement and/or contributing to the infringement of the '343 Patent in the State of Texas, in this judicial district, and elsewhere in the United States, including by selling the above-described apparatuses for supporting cameras (along with, upon information and belief, instructions for use) to customers who directly infringe the '343 patent by using said apparatuses. Upon information and belief, such induced and/or contributory infringement has occurred at least since this Defendant became aware of the '343 Patent, at least through becoming aware of this lawsuit.

146. Upon present information and belief, WAL-MART's infringing apparatuses comprise at least one or more of the Gear Head i-Level WebCam, HP Elite Autofocus Webcam, HP Premium USB Webcam, KQ245AA, HP Pro Webcam, HP USB Webcam, iHome MyLife His Home, Her Home Webcam Kit, iHome MyLife Webcam, iHome Your Home 1.3Mega Pixel USB Webcam 2 Pack, Kodak T130 Webcam and/or MacAlly IceCam2 Webcam.

147. WAL-MART is thus liable for infringement of the '343 Patent pursuant to 35 U.S.C. § 271.

148. As a result of Defendants' infringing conduct, Defendants have damaged AdjustaCam. Defendants are liable to AdjustaCam in an amount that adequately compensates AdjustaCam for their infringement, which, by law, can be no less than a reasonable royalty. In this action AdjustaCam is not claiming pre-suit damages based upon constructive notice of the '343 patent. AdjustaCam reserves the right to take discovery from Defendants relative to their actual awareness/notice of the '343 Patent prior to the filing of suit.

149. AdjustaCam reserves the right to take discovery from Defendants relative to their actual awareness/notice of the '343 Patent prior to the filing of suit. In any event, the Defendants have continued to infringe the '343 Patent since they became aware of this suit, and such infringement has necessarily been willful and objectively reckless. Accordingly, upon information and belief, at least since they became aware of this suit, the Defendants have willfully infringed the '343 Patent. Accordingly, AdjustaCam seeks and/or reserves the right to seek a willfulness finding against Defendants relative to their infringement of the '343 Patent, in accordance with the above.

PRAYER FOR RELIEF

WHEREFORE, AdjustaCam respectfully requests that this Court enter:

1. A judgment in favor of AdjustaCam that Defendants have infringed, directly, jointly, and/or indirectly, by way of inducing and/or contributing to the infringement of the '343 Patent;
2. A judgment that the Defendants' infringement is and/or has been willful and objectively reckless;
3. A permanent injunction enjoining Defendants, and their officers, directors, agents, servants, affiliates, employees, divisions, branches, subsidiaries, parents, and all others acting in

active concert therewith from infringement, inducing the infringement of, or contributing to the infringement of the '343 Patent;

4. A judgment and order requiring Defendants to pay AdjustaCam its damages, costs, expenses, and prejudgment and post-judgment interest for Defendants' infringement of the '343 Patent as provided under 35 U.S.C. § 284;

5. An award to AdjustaCam for enhanced damages as provided under 35 U.S.C. § 284;

6. A judgment and order finding that this is an exceptional case within the meaning of 35 U.S.C. § 285 and awarding to AdjustaCam its reasonable attorneys' fees; and

7. Any and all other relief to which AdjustaCam may show itself to be entitled.

Plaintiff, under Rule 38 of the Federal Rules of Civil Procedure, requests a trial by jury of any issues so triable by right.
